B. J. High School Has Many at Tabernacle

Class Songs and Yells Created "Pep" at Meeting Last Night—Many Delegations Present.

The Burlington Junction delegation last evening at the tabernacle included their high school and this live aggregation paused just inside the door to give one of their roaring yells, then proceeded to their seats where they gave two class songs and another yell or two. One of the yells brought the house down, being given just as evangelist, Hamilton paused a moment while announcing that he loved pep and spizzerinktum.

There were more than 100 persons in this delegation. Other delegations were present from Elmo, Clearmont, Wilcox and Barnard. Some of these came a round trip of more than fifty miles, speaking well of the interest already aroused.

Evangelist Hamilton spoke on "The Word of God," and dealt with present day life in comparison with the Law of Israel. Arthur Hamilton sang a tenor solo, "Someone Knows." The Burlington Junction high school delegation also sang to the satisfaction of all.

Tonight is delegation night for Arkoe, Ravenwood and Guilford, and Mr. Hamilton announced that the sermon tonight would be a "scorcher."

Tonight a delegation of students and faculty members from Maryville High School will attend the services in the tabernacle and it is expected that a large number will be present. A number of special high school nights are being planned and representatives from all high schools in the county will be invited to the tabernacle meetings.

NEW COUNTY JAIL IS RECOMMENDED

BY GRAND JURY—FAVORS OTHER IMPROVEMENTS

RETURNS 4 TRUE BILLS

Grand Jury Has Been in Session Since October 15—Was Discharged Yesterday

The grand jury returned four true bills and recommended a new county jail, repairs to be made to the court house and highly commended the county poor farm in their report to circuit court yesterday afternoon. The grand jury was discharged after making their report.

The grand jurors were delayed in being finally discharged due to the fact that Dr. O. L. Curl, prosecuting attorney, had failed to sign his name to one of the indictments. It was some little time before Dr. Curl could be located.

The report of the grand jury follows:

The grand jury while in session starting October 15, 1923, inspected the county jail and found the living part of the jail clean and in splendid condition in considering the condition of the building which is in very poor condition.

We feel the county jail is not a safe place to put any one for safe keeping also is injurious to prisoners' health on account of not being able to turn the cage and properly clean out on account of the sagging of the floors and walls. The windows for proper ventilation will not work. The slate roof and water spouting is in very poor condition, and would need a great deal of expense to repair same, which permits rain or snow to blow in and damage wall both inside and out, and on account of the aforesaid conditions, we, the grand jury of Nodaway County, do hereby recommend a new and modern jail for the County of Nodaway, State of Missouri.

We also inspected the county court house and recommend the following repairs be attended to at once or as soon as possible. The roof is in poor condition, allowing water or rain to run down the walls, damaging the plaster and paper. Some of the window shades fail to work and are badly torn and we recommend the roof and window shades be repaired; also the plastering and papering in offices be repaired, also the court rooms, halls and waiting rooms be repainted or papered, also repair holes in floor used for common cuspidor, also to investigate heating plant.

We visited the Nodaway County Infirmary and found everything in good condition and outside of a few minor repairs the only comment to be made by us as grand jurors and citizens of Nodaway County make the following statement: "Mr. and Mrs. George Brown are evidently exceedingly good managers as everything was in first class shape from cellar to garret, also all outbuildings and yards were clean and in good shape."

GEORGE P. SHOPTAUGH,
Foreman.

The women of the class are becoming enthusiastic over the work that is being done and the study of the Braille system of reading.

Some of the members of the class have already mastered the alphabet and it will not be long before they will be able to transcribe short stories into Braille literature.

Mrs. J. J. Heifner is chapter chairman of the Braille department of the Red Cross and she has charge of the class. She is assisted by Mrs. Roscoe Heifner. The other members of the class are: Mrs. C. C. Hellmers, Mrs. Blaine Archer, Mrs. Chas. Stilwell, Mrs. C. D. Bellows, Mrs. Fern Crull, Mrs. R. M. Berry and Mrs. Elmer Fraser.

FOG AIDS IN ESCAPE

Clerks are Forced to Open Safe Containing Gems at the Point of a Revolver

Kansas City, Oct. 24—Working under the cloak of the heaviest fog in the history of Kansas City, four bandits entered a jewelry store in the business district here early today and escaped with diamonds valued at $50,000.

Two clerks were forced to open the safe containing the gems at the point of a revolver and were then lined up against the wall while the bandits ransacked the vault. Max Binkowitz, a clerk, was struck on the head with a revolver when he did not comply promptly with the bandits' orders.

After quickly sweeping up the gems in sights, the four bandits dashed into the street where, aided by a dense fog they had little difficulty in maikng their escape in a waiting automobile.

The exact loss cannot be ascertained until the owner makes a check. He was not in the store when the robbery occurred, but clerks said the loss was estimated conservatively.

GRANTS WALTON'S INJUNCTION AGAINST LIEUT.-GOV. TRAPP

IS RESTRAINED FROM ACTING AS COVERNOR OF OKLAHOMA

SUSPENDED FROM OFFICE

By Vote Of 36 To 1 Senate Adopted Resolution Temporarily Relieving Him From Duties

Oklahoma City, Oct. 24—The first move by Governor J. C. Walton to retain his office from which he was suspended by action of the Oklahoma Senate last night, was made in the court this afternoon of District Judge T. J. Chambers.

An injunction restraining Lieutenant-Governor M. E. Trapp from exercising any of the powers of Governor of Oklahoma, was granted.

When advised of the injunction, Secretary of State Sneed announced he would hold up without action any of the executive orders, pending advice from the office of the attorney-general. Attorney-General Short announced no opinion had been rendered by his office. He said he was in receipt of a letter from the lieutenant governor asking for an opinion as to his duties. By a vote of 81 to 16, the House voted to impeach Governor Walton on article four of the general bill of impeachment now being considered article by article. This was the third impeachment.

This was a charge based upon testimony of E. W. Marlan, internationally known oil operator, made possible the purchase of the executive's palatial reisdence by his buying $30,000 of fallacious notes which resulted in the obligation of Walton to Marlan in certain state transactions. Marlan, however, denied there was anything illegal about the transaction. He will be a witness at the senate impeachment trial.

Oklahoma City, Oct. 24—In the office of M. E. Trapp, lieutenant governor, preparations are being made to ask the attorney general's office for an opinion as to the legality of the Senate's suspension of Governor Walton, and placing the executive powers in the hands of the lieutenant governor.

Attorney-General George G. Short was ready to prepare opinions to all state departments that asked for such opinions, it was said.

At the office of the secretary of state, two pardons had been turned down for certification. Governor Walton's pardon record was said to be 335 pardons and paroles.

By a unanimous vote, a resolution was adopted in the House this morning for investigation of the sources of the money which was used to pay expenses of the House members who assembled here September 26 for the extra session and many of whom remained in the city until the present assembly. It was introduced by a Farmer-Labor member who protested his good faith and declared rumors were circulating that reflect discredit upon some of the members.

Attorney-General Short was directed by the House to defend Governor Walton and the state in the injunction action to prevent a certification of the election held October 2 in defiance of Governor Walton's orders.

Although suspended from the governorship, following his impeachment last night on two of the twenty-two counts, Governor Walton came to his office at the usual hour this morning.

Lieutenant-Governor Trapp, who has been a figure in Oklahoma politics since 1904, serving three four-year terms as lieutenant governor prior to his present term, was acting as governor today.

Oklahoma City, Oct. 24—Surrounded by a corps of legal advisors, Governor J. C. Walton was served with a copy of the resolution adopted by the Senate of the Oklahoma legislature, at 10:35 o'clock this morning at the Governor's office at the capitol building. Walton did not sign a receipt for the copy of the resolution.

In the hallway at the entrance of the Governor's office, a score of the executive's faithful friends gathered to witness the occasion. Among them were several gunmen who were on hand to witness the delivery of the resolution. However, the gunmen were not armed this morning.

Oklahoma City, Oct. 24—Gov. J. C. Walton was suspended from office at 6:40 p. m. last night, when the state senate by a vote of 36 to 1 adopted a resolution temporarily relieving him of his official duties, following the submission by the lower house of a bill of impeachment against him.

The senate will resolve into a court of impeachment it was said. Chief Justice J. T. Johnson of the state supreme court will precide.

The text of the resolution suspending the governor follows:

"Whereas the house of representatives of the Ninth legislature, pursuant to the provisions of the constitution, has filed with the senate articles of impeachment, and

"Whereas, J. C. Walton, governor of Oklahoma, is charged with offenses made grounds of impeachment by the constitution, and

Automatically Suspended

"Whereas, the filing of the articles with the senate automatically suspends J. C. Walton as governor and the office with its duties and compensations devolves upon the lieutenant governor.

"Now, therefore be it resolved by the senate that the governor and lieutenant governor be advised as to their duties in this event and that the secretary of the senate notify the governor and lieutenant governor of the proceedings thus had and to present to each of them a copy of this resolution."

Immediately after the house transmitted article 3, charging the governor with preventing the meeting of a grand jury that was to inquire into his official acts, the senate accepted it also.

Senate In Readiness

The senate notified the house it would convene at any time to receive any additional impeachment articles adopted by the lower body and then adjourned. The house ended its session almost at the same time.

The impeachment bill charged the executive with entering into "a corrupt agreement with Dr. A. E. Davenport, state health commissioner, to place T. P. Edwards, the governor's personal chauffeur on the payroll of the health department at $200 a month; and that thereby certain moneys were diverted from the statutory object and purpose for which they were appropriated by law."

A committee was named to inform the governor and lieutenant governor of the action. Lieutenant Governor Trapp is in Sapulpa, Okla., and was notified by telephone. The committee delivered its message to the governor in his office.

House Continues Consideration

Meanwhile, the house is to continue consideration of the remaining two counts in the impeachment indictment.

Governor Walton was among the last to leave the darkened state-house last night. With a small group of friends he walked slowly down the stairway to the main floor.

"We still consider you our governor," one of the group said.

The governor made no answer.

A few lights cast isolated rays through the long hall as the party moved toward the door. The governor halted briefly to read a copy of the senate resolution suspending him from office, which a press representative handed to him.

One Vote Favorable

"The vote was 36 to 1 for the resolution," the governor was told.

"Who voted for me," he inquired.

"Senator Baker."

The executive inquired about three other votes, all of which had been cast against him.

"Will you have any statement tonight, governor?" he was asked.

"Not a word," the executive replied.

A heavy cloud hid the moon and J. C. Walton was swallowed in the darkness as he waited silently for his automobile.

The most unprofitable ornament around a business nowdays is the self satisfied fellow and there are a lot of them, who strikes a stride, and feels perfectly satisfied to let it go at that. He usually loses all ambition for bigger things, gets his mind on outside hobbies and only thinks of his business when his expenses get too big for his income. And whether he be an owner or an employe that day comes in due time.

Dr. Burrus Jenkins of Kansas City preached a sermon Sunday on religious sanity. The element of mystery is great in religious questions and oftimes minds on the verge of a breakdown, brood upon the mysteries of the next world until they become unhinged. There is nothing more in need of the sanity and best thought of the world than its religion. We need more of the practical, every day religion that people can take with them in their business and in their every day affairs. It is not necessary to be a crank, a faddist or a lunatic on the subject of religion. It is necessarily surrounded by a good deal of mystery but there need be no mystery about its desirability nor the need of it in every community. And, as it is good for people in every day walks of life, it is good to take the plain common sense, practical kind, into all the activities of life. The meetings will continue through the week until announcement is made of the closing service.

Mrs. Alma Hunt and others were engaged in house cleaning at the church Monday.

Many Attending Wilson Funeral This P. M.

Funeral services for O. F. Wilson, a prominent resident of Burlington Junction who died at his home there Sunday afternoon, were held at 2:30 o'clock this afternoon at the Methodist Church, conducted by the Rev. E. N. Garrett. A number of the Maryville Chapter of Knights Templar attended the funeral in a body, and the Maryville Order of Elks was also represented at the service. Mr. Wilson was a member of both organizations. The funeral was largely attended the church being filled to capacity. The following friends served as pallbearers: Knox Alexander, T. A. Corken, Louis Yaple, W. M. Houston, H. S. Staples and W. W. Jones. The Masons were in charge of the service at the Ohio cemetery where burial took place.

Among the Maryville persons who attended the services were Judge and Mrs. J. F. Robertson, Mrs. A. R. Perrin, Mrs. Lottie Oman, Mr. and Mrs. J. F. Montgomery, Mr. and Mrs. W. J. Montgomery, Mrs. M. Rittenour, Judge W. C. Ellison, J. B. Robinson, Paul Sisson, Fred Bellows, Paul Kuchs, W. S. Todd, M. A. Peery, George P. Sillers, E. W. Keck, John Murrin, I. E. Tulloch, C. F. Remus, E. E. Shippers are Now Using Motor Trucks

Jefferson City, Oct. 24. — In the meeting here Monday to urge Governor Hyde to call a special session of the legislature to provide more money for highways, it was said that when the southern part of the state has been provided with better highways stock raisers will commence shipping their stock to market by motor trucks.

This method has been started in some of the counties, but where roads are bad and there are many steep grades, the wear on tires and machinery prevents the move being profitable.

Many of the owners of heavy motor trucks are thinking of returning to horse power vehicles for hauling heavy loads because of the cost incident to operation of trucks over bad streets and highways.

The cost of rail transportation has been advanced sharply since the war, and the cost of shipping has become a matter of serious consideration to the stock raisers, who supply the market. The incident of the South Dakota sheep men, who shipped live sheep to Chicago for mutton, and whose freight bill cost more than they received for their sheep, has not been forgotten.

It does not appear motor trucks can make much of an inroad on the receipts of the railroads, for there are less than forty-four thousand trucks in the entire state, and every one of them was engaged in transporting livestock to the market it would not greatly affect the receipts of the railroads.

The best the state highway commission can promise now is fifteen hundred miles of first class highways completed by 1927, if the legislature will amend the existing law that 15 million dollars of the bond issue of 60 million dollars voted by the people can be used in 1924, and the same sum in the years 1925 and 1926, making 45 million dollars in all for the three years and exhausting the 60 million dollar bond issue.

Miss Hettie M. Anthony of the State Teachers College will talk before the District Federation of Women's clubs at Albany, Missouri, November 1.

Willard Carpenter of Burlington Junction was here on business yesterday.

J. F. Brown and Charles Brown of Skidmore were in Maryville yesterday.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

If Back Hurts Begin on Salts

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Vigorous Old Age

WHY separate youth and old age with a deep and ever-widening abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholesomeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—of a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it. The large size is the more economical.

Bear Cats to Meet Iowa Wesleyan Team

It was definitely decided yesterday that the S. T. C. Bear Cats will journey to Mount Pleasant to battle with the Iowa Wesleyan football team Friday. The game is a non-conference fray but will serve to give the Bear Cats additional strength in the clash with Springfield on the next Friday.

Coach Lawrence will take fifteen men on the trip.

The Bear Cats are working-out every night and look forward to the game with Springfield, considered the best team in the conference by experts. If the Bear Cats win they will have a chance at the M. I. A. A. championship but win or lose, a hard battle is expected by the football fans.

Iowa Wesleyan lost to Kirksville two weeks ago by a small score.

It is perhaps a little early to start cribbing corn, but certainly it is not too early to prepare your cribs for this crop.

We would be glad to help you plan your permanent cribs, or if you want only a temporary crib, that is inexpensive, we have the AMERICAN WIRE CRIB, that holds 400 bushels, or one placed on top of the other gives you a capacity of 800 bushels.
